HOMEOWNER

”

I’m building my dream home. It’s going to be perfect! There’s just one big worry that keeps me awake at night: I’ve no idea where to start with the lighting. How do I know what I’ll need? And how can I avoid paying a fortune for the usual poor quality or the wrong kind of lights? WHO can I trust to help?

CONTRACTOR

”

We’ve won a major contract to build a luxury hotel. Great news! The trouble is, I’ve been caught out before by lighting companies that keep me waiting weeks for poor, unreliable LED. They charge me a fortune and leave me with unhappy clients. If only I had helpful, efficient LED experts I could trust...

PROJECT MANAGER

”

Imagine this... A luxurious palace that’s lit to perfection both outside and in! By night, diamond lights sparkle across the gardens and walkways, and the walls are bathed in pools of gentle colour. Inside, it’s a restful haven of peace and light. Magical! So how can I make this magnificent vision a reality for my client? I need lighting specialists!
